

Company Calendar 2011-12

REVISED - August 2011

See Company Requirements for weekly schedule

- the weeks leading up to any performance are crucial! Please note the importance of attendance in these weeks and the fact **that points are doubled any TWO WEEKS prior to a performance.**
- This calendar does not include any impromptu performance opportunities. As these arise, we will bring them to the group and decide if they are a fit for Company.
- Note **BLACKOUT DATES** – these are non-negotiable and cannot be missed. Missing these dates can result from being pulled from Company and the inability to participate in Configuration and other performances. If these dates will be missed, one should not try out for Company.

The staging and spacing will take planning and time, so if your dancer signs up, they MUST attend ALL rehearsals or risk being cut from the piece and substantial point deductions. Even sickness and mandatory school events could result in being pulled in the piece because of the limited schedule and volume of dancers. Look at all dates associated with the Optional Piece (OP) and decide if this is something your dancer wants to do!
